## THREE BOYS CREMATED

Dreadful Result Attending Fire at the Bayou City.

HOLOCAUST AT HOUSTON.

Grocery Establishment of Jacob Prager Consumed by Flames Believed to Be of Incendiary Origin and His Little Sons Burned to Death.

Houston, July 2.—One of the most horrible holocausts in the history of this city occurred at an early hour Tuesday. A frame building in the First ward occupied by Jacob Prager as a grocery establishment on the ground floor and residence in the upper story was consumed by flames. Hearing a noise as if burglars were in the grocery, Mr. Prager went down stairs and discovered the structure was in flames. He managed to get his wife and two daughters out, but his three little sons—Morris, aged ten years; Louis, aged eight, and Phillip, aged two—who were sleeping in the back room, could not be rescued and were burned to death. The general impression is the grocery department was burglarized and the miscreants set the house on fire to better conceal their evil deed.

About a dozen suspects were arrested by the police and detectives.

CITY ATTORNEYS BARRED.

May Only Use Pass as Employee of a Railroad.

Austin, July 2.—Assistant Attorney General Hawkins gave out an opinion in which he holds that a city attorney, under the terms of the anti-free pass law, cannot lawfully use transportation supplied him under a contract with a railroad company for his professional services unless he should be an employee of the road and operating a train in the actual discharge of his duties. Judge Hawkins holds that the same rule applies to a mayor of city or town or a notary public, but the latter may divest himself of his office by sending his resignation to the governor, after which, if accepted by the governor, the rule would not apply to him.

MERGER PLANNED.

North Fort Worth and Rosen Heights May Consolidate.

Fort Worth, July 2.—North Fort Worth and Rosen Heights are planning to consolidate. At a mass meeting held Monday night, attended by officials of both places, also many citizens, the idea was unanimously endorsed. Joint committee were appointed to formulate a plan. This consideration would give a population of 16,000.

CYCLONE AT MERKEL.

Twenty Houses Wrecked and a Number of Others Damaged.

Merkel, Tex., July 2.—A cyclone swept over this immediate section at an early hour Tuesday. About a score of houses were wrecked at this city and vicinity and a number of others damaged. Crops were also injured. Loss will be fully \$10,000.

To Care For Young Offenders.

Fort Worth, July 2.—Young Men's Christian Association has perfected an agreement with the corporation court whereby the association agrees to relieve the court of youthful offenders on their first appearance and obtain for them employment. When arrested the second time, however, sentence will be imposed.

To Consider Important Matter.

Houston, July 2.—A meeting of the city and county health officers will be held here next month to consider the proposition of State Health Officer Brumby to institute quarantine against consumptives entering the state. Until this meeting is held it is said no action will be taken.

Two Fatalities.

Sunbury, Pa., July 2.—By a collision between a passenger and freight train Express Messenger Eyre and Fireman Ely were killed and fourteen others hurt.

General Merchandise Store Burns.

Georgetown, Tex., July 2.—General merchandise store of Smith Bros. at Florence, eighteen miles north of here, was destroyed by fire. Loss is \$9,000; insurance, \$4,500.

Badly Beaten by Shovel.

Houston, July 2.—H. E. Settle was badly beaten by a negro with a shovel. Settle was endeavoring to collect a debt.

Honduras to Be Neutral.

Washington, July 2.—Honduras will take no part in Central American entanglements.

Portugal's King Determined.

Lisbon, July 2.—King of Portugal will resort to martial law to enforce authority if necessary.

Unprecedented Run the Cause.

Eureka Springs, Ark., July 2.—Owing to an unprecedented run the Citizens' bank has temporarily closed. A receiver is in charge.

## SOCIALISM AGREED ON.

Western Federation of Miners Decides to Take

PART IN POLITICAL WAY.

At the Convention Now Being Held at Denver Determination Arrived at to Submit This Question to a Vote of Membership.

Denver, July 2.—The convention of the Western Federation of Miners by a vote of 283 to 68 adopted a preamble for the constitution and by-laws of that organization which practically pledges all its members to Socialism. Before its final adoption the new preamble goes to the local unions for a referendum vote. The preamble reads:

"First—We hold that there is a class struggle in society and that this struggle is caused by economic conditions.

"Second—We affirm the economic condition of the producer to be that he is exploited of the wealth he produces, being allowed to retain barely sufficient for his necessities.

"Third—We hold that the class struggle will continue until the producer is recognized as the sole master of his product.

"Fourth—We assert that the working class and it alone, can and must achieve its own emancipation.

"Fifth—We hold, finally, that an industrial union and the concerted political action of all wage workers is the only method of attaining this end.

"Sixth—Therefore, we, the wage slaves employed in and around the mines, mills and smelters of the world, have associated in the Western Federation of Miners, mining department of Industrial Workers of the World."

It is the announced intention of the leaders of the Federation to call a convention at Chicago for the purpose of organizing an industrial and political party which will place a ticket in nomination for the next national convention. The Western Federation of Miners and the Brewery Workers' union, it is expected, will form the nucleus of the new national organization.

The delegates voted down a proposed amendment to the constitution admitting cooks, bartenders, dishwashers and such classes of laborers as are only indirectly connected with mining into the mining department of the Industrial Workers of the World. This action was taken after a long debate by a close vote.

An amendment to the constitution was adopted whereby a two-thirds vote instead of three quarters of the members of a local union shall be necessary before a strike is decided upon.

PINKERTON RECORDS.

Reading of Copies Occupies a Considerable Time.

Boise, Ida., July 2.—Morris Friedman, the young Russian stenographer who left the employ of the Pinkerton agency at Denver to write a book in which he published certain correspondence of the agency that passed through his hands, was again Monday the principal figure at the Steunenberg murder trial. More than half of the court's day was occupied in reading to the jury copies of the documents which Friedman took from the Pinkerton records. These were chiefly daily reports of secret agents operating as spies among the unions and union men at Cripple Creek, Victor, Globeville, Colorado City, Trinidad and Denver and showed a complete surveillance of the Western Federation of Miners and the United Workers of America during the labor troubles in Colorado in 1903-4.

Another interesting witness was James I. Wallace, an attorney of Cripple Creek, who served with the militia, first as a private and then as a lieutenant, during the strike of 1903-1904. He related several instances as tending to show the misuse of power of the militia by the mine owners; gave the criminal records of some of the gun fighters imported by the mine owners; told of the working of the card system; recited the circumstances connected with the looting of the union stores and a newspaper office, and swore that he saw K. C. Sterling, chief detective for the mine owners, fire the first shot in the Victor riot the day of the Independence celebration explosion.

LEANING OVER BED.

Ladies Screamed and Negro Was Frightened Away.

Memphis, July 2.—A special from Pine Bluff, says: Great excitement prevails here over an attempted assault at the home of Captain Sebastian Geisreiter Monday when a negro was discovered leaning over the bed occupied by Mrs. J. M. Taylor and Miss Mary Geisreiter. The screams of the ladies frightened the negro away. Officers soon afterward arrested Isiah Goolings, a trusted stable boy. Goolings refuses to talk. Sheriff Philpot is making every effort to allay feeling and prevent mob violence. The negro is now in the county jail.

El Paso, July 2.—An outbreak of Indians at Fort McDowell, Ariz., is threatened as a result of the killing of an Apache Indian, Austin Navjo, on Saturday last by W. H. Gill, a sub-agent at McDowell. Troops stationed at Fort Apache, have been ordered held in readiness to proceed to Fort McDowell. ## MIRACULOUS ESCAPE.

**Baby Providentially Saved From Being Ground to Pieces.**

Chicago, July 2.—Somewhere in Winnetka, a North Shore suburb, there is a baby which has the proud distinction of having been run over by a railroad train and emerging from under the wheels without a scratch.

Just after leaving the station Engineer Duncan of a northbound Chicago and Northwestern express train saw a white object lying between the rails in front of the train. At the first glance he supposed it to be a newspaper and paid little attention to it. The next instant he threw on his air brakes with a jerk that sent every one in the train sprawling.

"Good Heavens!" he shouted, turning a white face to his fireman, "It's a baby!"

By the time the train had come grinding to a standstill, the white object was under the tender. Duncan and his fireman jumped to the ground and with a scared group of passengers rapidly gathering around, drew the baby's body tenderly from under the big engine. The baby, which had been lying on its face, opened its eyes, stared at its rescuer for a moment and then burst into a healthy wail. The child was absolutely unharmed.

Subsequent efforts to learn the identity of the child or its parents were unavailing. The baby appeared to be about a year and a half old.

## Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments must be combined. One is local, one is constitutional, but both are important, both essential.

Dr. Shoop's Night Cure is the Local. Dr. Shoop's Restorative, the Constitutional. The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.

The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, cures nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

## To Stop Piles Try This.

Piles get instant relief, when Dr. Shoop's Magic Ointment is applied. It's a Pile Cure, remember, and it is good for nothing else whatever except piles. General Ointments, for many uses, can't possibly cure piles. A pile ointment must be specific. Every aim of its maker must be directed specifically toward piles alone. Says Dr. Shoop, "I make three valuable ointments, and yet, one only—Dr. Shoop's Magic Ointment—will bring help to pile sufferers". Even then, in old chronic cases, originating because of a torpid Liver, with biliousness, I prescribe my Dr. Shoop's Restorative internally while using Magic Ointment locally or externally. Keep in mind this fact, please, that the large blood vessels of the liver originate in the walls of the rectum, where piles arise. Obstruct these vessels in the liver and piles instantly appear. Dr. Shoop's Restorative corrects stomach and liver sluggishness, hence its value as an aid to Magic Ointment in the treatment of obstinate cases of piles. None genuine without Dr. Shoop's name on the package. Sold at 50 cents by

## ORCHARD ONLY JOKING.

### Malich Threatened He Would Denounce That Individual.

Boise, Ida., July 2.—Max Malich was called to the stand in the Haywood trial by the defense Tuesday. Malich is a carpenter and miner. He was a hmelterman at Globeville, Colo., at the time of the strike of 1903. Malich said he is an Austrian.

"Did you know a man named Harry Orchard, alias Thomas Hogan?" asked Attorney Richardson, who conducted the examination.

"I was introduced to him as Tom Hogan by a Pinkerton detective named A. W. Grattias."

Malich said he did not know Grattias as a detective at this time, for he was working secretly and acting as president of the local smelter union.

Witness said that in February, 1905, he met Orchard, who was then living with Steve Adams and wife. Malich became proprietor of a small hotel and bar at this time. Orchard testified, it will be remembered, that Malich suggested to him the blowing up of a hotel where 150 non-union miners were living, and helped him steal 100 pounds of dynamite from the Union Pacific powder house. Malich declared that this testimony was all false. He said Orchard or Hogan came to him one day and said: "What's the matter with you folks out here? The troops are getting the best of you. Why don't you blow that d—n hotel off the earth?"

He said he replied: "Tom, I wouldn't stand for it under any circumstances. If you do anything like that I am going to denounce you."

After this witness said Orchard told him he was joking. Malich said he knew nothing about taking any powder from the Union Pacific.

### WON BY ITALIAN.

Only Nine of the Contestants in Auto Race Finished.

Dieppe, July 2.—Nazaro, the Italian champion, won the automobile grand prix, covering about 477 miles in 6 hours, 46 minutes, 33 seconds. There were thirty-eight participants. Christie, the only American participating, drove an American machine. There was trouble early in the race and he did not figure among the leaders. Szesz was second in 6 hours, 55 minutes, 10 seconds; Lancia, third. The race was marked by no serious accidents, although a minor collision occurred between two cars. Only nine contestants finished.

Szesz was two minutes behind Nazaro, with Lancia third, ten minutes behind Szesz. The course is triangular and measures 76 kilometres, 98 metres, and the competitors had to traverse this circuit ten times to make the distance.

Glorious sunshine favored the start of the grand prix automobile race. Fifty thousand persons massed in and around the tribune saw the machines bolt forward on their dizzy journey, while 150,000 others concentrated in villages along the route to view the race. The roadway dried up nicely during the night and as the start was made looked to be very fast. The signal to start was given by six small saluting cannon mounted opposite the tribune.

### TO BE EXTENDED.

Western Union and Postal Operators in Another City Will Quit.

San Francisco, July 2.—It is announced by President Small of the Commercial Telegraphers' Union of America that the strike will be extended by ordering out of operators of the Western Union and Postal companies at another city to help out the men on strike at this city and Oakland. Mr. Small will not say where the strike is to be called and for the present he does not disclose the location until the message reaches its destination.

It is believed by many operators that either Portland, Los Angeles or Seattle will be the scene of the next walk out, while some declare the men at Chicago, regarded as the key to the telegraph situation in the entire country has been ordered out.

### SENTENCE PASSED.

Judge Rogers Imposes Penalties Certain Parties Must Pay.

Fort Smith, July 2.—Judge Rogers passed sentence on the following officers of the defunct Southern Bank and Trust company, convicted by a jury Saturday last of using the mails to defraud: C. G. Waller, president, of Dallas, Tex., and Demea Lemon of Pittsburg, Pa., vice president, to a fine of \$1,000 each and to be imprisoned in the penitentiary for thirty-four months. Ed. Hunt, cashier, and J. H. Langston, Jr., directors, to pay fines of \$500 and \$300 respectively.

### FIRE HEAT INTENSE.

Nearly All Windows For One Hundred Yards Are Broken.

Denver, July 2.—Fire early Tuesday in the Hardwood Lumber company's yards did \$150,000 damage. Yards are in the thickly populated portion of the city, and it was only by hard work the flames were kept confined. Nearly all windows for a radius of the 100 yards were broken by the heat.

### Mysterious Death.

Chattanooga, July 2.—John E. Shipp, son of Sheriff J. F. Shipp, died suddenly just after midnight. He retired at midnight apparently in good health and a few moments later was in the throes of death. A physician was hurriedly summoned, but the young man died in a few moments after his arrival. The cause of death is a complete mystery.

## MOTHER'S AWFUL DEEDS.

### Takes Life of Daughter, Then Fatally Wounds Herself.

Roff, I. T., July 2.—The home of Joe L. Thomas, one of Roff's wealthiest citizens, was the scene of the most awful tragedy that has ever been enacted in this section.

During the absence of Mr. Thomas, who spent the day at his ranch, seven miles from town, Mrs. Thomas shot and killed their only child, Miss Mamie, eighteen years of age, then sent a bullet crashing into her own brain.

When Mr. Thomas arrived home about 5 o'clock in the afternoon he found the house locked, and had to make his entrance by raising a window. Not finding any one on the first floor, he proceeded upstairs, and entering their bed room he was confronted by the terrible sight of his dead daughter, and his wife in a dying condition, both lying on the same bed, with their heads resting on the same pillow. The supposition is that the daughter was asleep when killed by a shot in the temple, as there was no evidence of a struggle. The weapon used was a double-barreled Derringer pistol.

Mrs. Thomas wrote two notes before committing the act, one to her mother, and the other to her husband, giving as a reason for her action that her health was broken beyond recovery, that she could live only a little while longer, and that she could not bear the thought of leaving Mamie here. Mrs. Thomas has never regained consciousness. There is no hope of saving her life.

### Fatal Stabbing at Church.

Birmingham, July 2.—A special from Warrior, Ala., says that in a difficulty Sunday at church, Walter Shipp, aged about fifteen years, stabbed Clarence Gray, another youth of his own age, to death. Both young men were sons of prominent farmers.

### Placed on Retired List.

Washington, July 2.—Upon his own application, Brigadier General C. F. Humphrey, quartermaster general of the army, was placed on the retired list with the rank of major general, and Major James B. Aleshire, assistant quartermaster general, has been appointed to be quartermaster general.

### Voted Freedom of City.

Dublin, July 2.—The corporation of Dublin decided by a vote of 28 to 13 to confer the freedom of the city upon Richard Crocker.

## Weak Kidneys

Weak Kidneys, surely point to weak kidneys. Nerves. The kidneys, like the heart, and the stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggists recommend and sell.
